The Pain

Our Solution

Interact with foreign
business partners
without the language
barrier

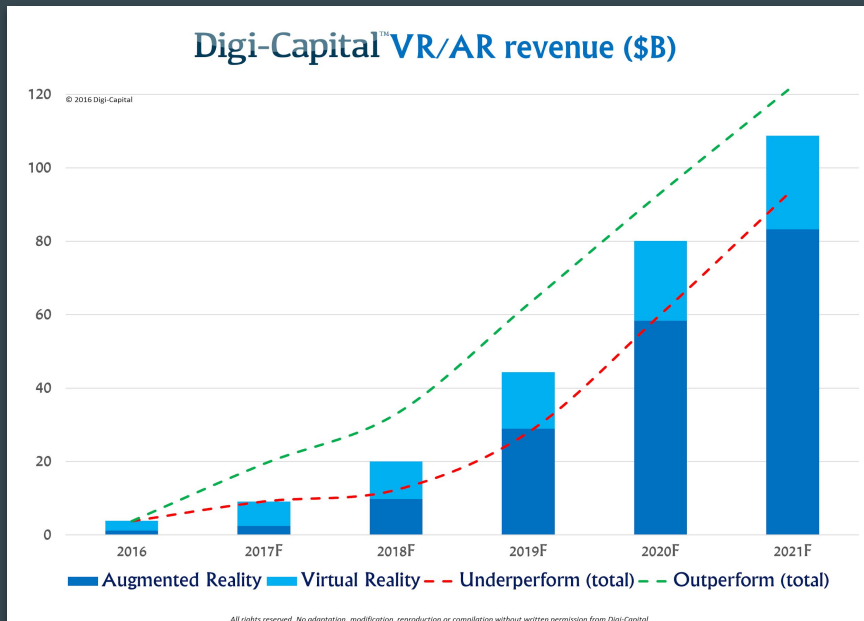

Speech-to-text overlay
in your native language

Hands-free interaction

 TransLite

Providing hands-free communication when you need it most

How We Make Money

- ★ Market diversity
- ★ We add new value to already booming market
- ★ Product extendable to new glasses

Current Status

- ★ Project feasibility analyzed
- ★ Market viability researched
- ★ Key APIs identified for rapid development
- ★ Software design in progress
- ★ Next Steps: team task breakdown for software development
